10/21/2025 - Technician: 053 CALEB MIDDLETON - Work Performed: Installed Tank - Set tank and ran yardline
 10/21/2025 - Technician: 053 ANDREW BILBREY - Work Performed: Miscellaneous - Set 320AG dug ditch from tank to house, tested existing main gas line in house passing a pressure test, replaced 2nd stage regulator, teed off existing main line in basement running 25ft 1/2BI over then up through floor to ball valve for range, end of main line in basement was shorten a bit then 90d up through floor to ball valve for wall heater, range was converted, wall heater was hung connecting both with flexlines to ball valves, a safety check was then performed which passed leak check. Did not have a long enough flexline for heater, may want to return at some point with longer flexline.
