Navien Tankless Installation	Scope of Work - Tankless Water Heater Replacement We will remove the existing tankless water heater, disconnect all plumbing, gas, and electrical connections, and dispose of the unit at an approved waste facility. A new Navien 240A tankless water heater will be installed in its place, including all necessary plumbing, gas, venting, and electrical connections per manufacturer specifications and local code requirements. Once installed, the system will be tested for leaks, proper operation, and efficiency to ensure the unit is in full working order. Does not include having a 120amp service for the electrical side. We will run the propane line to the heater as well.	1	\$6,200.00	\$6,200.00
