ESTIMATE

Estimate # 0013425

Estimate Date 06/23/2025

Item	Description	Unit Price	Quantity	Amount
	downstairs option 3 Trane - high efficiency hybrid duel fuel **note** Due to the new efficiency regulations, instituted by the Department of Energy, production quantities from manufacturing facilities have been greatly effected. We are experiencing unprecedented shortages of hvac equipment. These shortages are not exclusive to Trane. Locating product is a problem industry wide. We will do our very best to have your new system up and running as soon as possible. **note** Please be advised: More efficiency changes from the Department of Energy have taken effect as of January 1st 2025. R410 refrigerant is being phased out as R454B/R32 are introduced. These changes are causing shortage of r410 equipment. Also, all equipment manufacturers have announced price increases of 10% to 25% for the new product lines.\
