We removed your old existing unit and set to the side per your request. We installed a new 15 Seer American Standard 5.0 ton dual fuel that reconnected to your existing ductwork, gas line and electrical wiring. A new sheet metal cover was installed between the unit and the house. The unit sets on a pad. A new thermostat with an outdoor sensor was also installed to control the new equipment. One new carbon monoxide detector was installed. We supplied all materials, labor and permit to change out this system.
