PRIORITY BILLING

12/18/2025 - Technician: 053 ANDREW BILBREY - Work Performed: Appliance Sale - RX130IN 130K BTU NG OR LP INDOOR/OUTDOOR TANKLESS WATER HEATER 1 TG.BA-172266

12/18/2025 - Technician: 053 ANDREW BILBREY - Work Performed: Installation - Tanked WH was already removed upon arrival same as the old range by customer. Installed tankless WH in laundry room venting it out through wall with standard vent kit, and ran water lines to unit. Ran 45ft of 3/4BI from existing tee outside teeing twice once outside again up to existing heater, then again in crawlspace; reduced to 10ft 1/2BI up through floor to ball valve and flexline connecting to range, 3/4BI continues in crawlspace then up through floor to ball valve and flexline connecting to tankless WH. Line was self certified holding pressure for 10mins. A safety check was then performed which passed leak check.
