Item Code	Description	Hrs/Qty	Price	Amount
We removed and discarded your old existing dual fuel. We installed a new 4.0 ton 15 Seer 2stage American Standard dual fuel that reconnected to your existing ductwork, electrical wiring and gas line. The outside unit sets on a pad. One new thermostat with an outdoor sensor was installed. We also extended the gas line to the right hand side of the unit. A new sheet metal cover was made. We supplied all materials and labor to install this equipment.

Name of Builder/Contractor _____

(This paperwork must be submitted to SEPA within 30 days of appliance inspection date to receive rebate)

Disclaimer:

The propane marketer seeking a rebate must submit a full and complete Application form. Submission of the Application form constitutes a representation on the part of the participating propane marketer that the required safety test was completed. A safety inspection must be performed by the participating propane marketer after the installation of each new qualifying appliance(s). The safety inspection for qualifying appliance installations consists of the following: 1) a leak test; 2) a pressure test if required by applicable laws, rules and regulations; and 3) a flow and lock up test on the regulator[s]. The propane marketer agrees to comply with all laws, rules and regulations governing the installation of the qualifying appliance and with the manufacturer's installation instructions. The Southeast Propane Alliance and NC PERF assumes no responsibility whatsoever for the installation, inspection, or testing of the qualifying appliance(s) or any associated gas system and, by issuing a rebate, makes no representation, warranty or guarantee regarding the qualifying appliance(s) or the associated gas system. The Southeast Propane Alliance and NC PERF disclaims any liability for any personal injury, property damage, business losses or other damages of any nature whatsoever, whether special, indirect, consequential, or compensatory, directly or indirectly arising from the installation of the qualifying appliance(s).

Please submit your 2-page rebate form and receipt(s) to:

Comments on Service/Repair/Alterations: Checked Regulators And Gas Lines.

Disclaimer: This inspection covers gas distribution system equipment visible and readily accessible to the service technician and represents the conditions existing on the date of inspection. It does not cover latent or manufacturing defects, the internal workings of sealed equipment or structural components, and cannot be construed to cover future or unforeseen happenings existing on the date of inspection.

Customer Acknowledgement: I acknowledge, by checking each of the following items, that:

- ☒ I have informed the service technician of all gas-burning appliances, gas lines, and unused piping not connected to any gas appliance on my property.
- ☒ I have been informed of what deficiencies, repairs &/or alterations, if any, were made to my gas system or appliances.
- ☒ I have been told what to do if I smell a gas odor or otherwise suspect a gas leak and have been shown how to turn the gas supply off at the tank or cylinder.
- ☒ I have smelled propane gas and can detect its odor.
- ☒ I have been told to consider installing one or more gas detectors that are listed by Underwriters Laboratories.
- ☒ I have received safety information and told to read it and share it with all family members.
- ☒ I am satisfied with the service work performed.
