SCOPE OF WORK:
 Move existing 120 gallon LP gas tank to the back left corner of the home. Install 2nd stage regulator and tie into existing gas line. Hang and vent tankless water heater on the rear wall of the basement. Tie into existing water lines and connect to the new unit. Homeowner is to have gas lines ran close to the unit and stubbed out the house for the tank.
 Electrical outlet must be within 4ft of the unit
 Unit qualifies for \$300 in additional rebates from NC Propane Gas Association (G&B Submits on your behalf) and \$100 in rebates from the manufacturer.

DISCLAIMER : Deviations from above stated scope of work will be billed at regular time & material rates. Prices valid 30 days from date of estimate. Delivery charges may apply. Estimates that include LP Gas will receive a separate invoice for LP Gas. Special order items require a 25% non refundable deposit prior to order!
