SCOPE OF WORK:
 Set 120 gallon LP gas tank on the right side of the back deck, run gas line into the basement along the rear wall to the location of the new water heater. Hang and vent tankless water heater on the rear wall of the basement. Tie into the water lines above and run to the new unit. Cap lines at the old water heater. Install quick connect for portable generator.
 Perform leak check. ***Home owner responsible for having an electrical outlet installed for the new water heater.***
 Unit qualifies for \$300 in additional rebates from NC Propane Gas Association (G&B Submits on your behalf) and \$100 in rebates from the manufacturer.

DISCLAIMER : Deviations from above stated scope of work will be billed at regular time & material rates. Prices valid 30 days from date of estimate. Delivery charges may apply. Estimates that include LP Gas will receive a separate invoice for LP Gas. Special order items require a 25% non refundable deposit prior to order!
