Item Code	Description	Hrs/Qty	Price	Amount
-----------	-------------	---------	-------	--------

We installed a new Ruud/Rheem 3.0 ton a/c with cased coil and 92% gas furnace that reconnected to your existing ductwork, gas line and electrical wiring. New freon lines were installed. Outside unit sets on a pad. One new thermostat, carbon monoxide detector and surge protector were installed. We supplied all materials and labor to install this equipment.

Note: We can not get to the ductwork under the house because how low it is. We recommend ductwork to be installed in attic. Mr. Sheldon wants to just hookup new system to his ductwork.

Paid in full with ck3495. Thank you for your business. Merry Christmas and a blessed new year!
