We removed and discarded your old existing Carrier dual fuel. We installed a new 4.0 ton 15 Seer Ruud/Rheem dual fuel that reconnected to your existing ductwork, gas line and electrical wiring. One new thermostat with an outdoor sensor and carbon monoxide detector were installed. The sheet metal cover between the house and the unit was replaced. The outdoor unit sets on a new pad. We supplied all materials, labor and permit to install this equipment.

\*NOTE: If you would like to add an additional 5 years warranty to the parts so it would be a warranty of 10 years parts, it would be an additional charge of \$550.00 which makes the new total \$10,178.00.
