	For the downstairs area, we removed and discarded the old existing unit. We installed a new 3.0 ton 15.2Seer American Standard dual fuel system that reconnected to your existing ductwork and electrical wiring. Outside unit sets on a pad. A drain pan was installed under the pad at your request. One new thermostat with outdoor sensor and new carbon monoxide detector were installed. We also inspected ductwork under house and taped up lines as needed. We installed a new gas line from the unit to your regulator. We supplied all materials and labor to install this equipment.
