1774 River Rd.
Henrico, NC 27842

DESCRIPTION	AMOUNT
02-03-2026 Completion of removal and disposal of existing 4-ton split system air conditioner and gas furnace. Installation of a new 4-ton, 14.3 SEER2 Comfortmaker split system heat pump and 96% condensing gas furnace. Designed, fabricated and installed transitions to connect new unit to existing duct system. Relocated furnace vent termination to rear of home and extended the make-up air to bring in outside air for combustion. Currently, the system is drawing combustion air from the crawl space, which has been encapsulation. Installed a new digital, programmable thermostat. Installation of a condensate pump in place of the natural drain. ODU} M# N5H5S48AKAAAAAAB & S# E252208508 Furnace} M# N96MSN1002120A1 & S# A253843798 Coil} M# EAM5X48M21A1E & S# J253810036
