| | We removed and discarded your old existing air condition and oil furnace from your basement. We installed a new Ruud/Rheem 4.0 ton 15.2 Seer dual fuel that reconnected to your modified ductwork. The outside unit sets on the side of the house on a pad. The ductwork runs through a window to connect to your existing ductwork in the basement. One central return was installed. We also installed the gas line and electrical wiring to this equipment. One new thermostat with an outdoor sensor and carbon monoxide detector was installed. We supplied all materials, labor and permit to install this equipment. NOTE: Air filter size is 24x30x1. | | | |
